

## **Binns Fencing Limited – Environmental Policy Statement**

It is the policy of Binns Fencing Limited to conduct its business in a manner that is compatible with the balanced environmental and economic needs of the communities in which it operates.

We will seek to reduce our consumption of non-renewable resources, and when practicable will in liaison with the client select materials which have the least negative impact on the environment throughout their life cycle.

Environmental Protection will have equal status to considerations for Health, Safety and Production Quality.

We are committed to working to minimise the environmental impact of our fencing installation activities.

It is the policy of Binns Fencing to:

- ✓ Work to minimise the environmental impact of our fencing installation activities
- ✓ Comply with appropriate environmental legislation and other appropriate requirements;
- ✓ minimise the volume of pollutants created;
- ✓ minimise the waste we generate;
- ✓ dispose of our waste in a considerate manner;
- ✓ maximise the amount of material we are able to re-cycle;
- ✓ continually improve our environmental performance
- ✓ review and revise this policy as business circumstances change.

The Directors will ensure that:

- ✓ this policy is understood by all members of staff and those working within our premises and for us as sub-contractors;
- ✓ Establish and monitor appropriate environmental objectives.
- ✓ This policy and progress with associated programmes and targets is reviewed and revised at Management Review Meetings

A.D.H. Binns  
Managing Director  
Binns Fencing Limited
