

1.0 Binns Fencing Limited: Statement of Quality Policy

The Managing Director has developed the following statement to explain the company's policy on the development of its quality management system:

"The objective of Binns Fencing Limited is to:

- ✓ Provide a fence that fully meets the specification agreed with the client;
- ✓ Carry out the installation in a professional manner and to cause the minimum amount of disruption on site;
- ✓ Agree a programme with the client and ensure it is adhered to;
- ✓ Co-operate with the client and be aware of special and applicable requirements;
- ✓ Ensure that the client is satisfied with the completed work and be happy to employ us on future contracts.

In working towards this objective the directors will:

- Work within legal, statutory and regulatory requirements;
- Develop the ISO 9001based quality management system and ensure continued registration and continual improvement;
- Establish and monitor appropriate quality and company objectives;
- Work continually to improve the company by the effective use of these objectives and the quality management system;
- Ensure that all employees understand the importance placed on quality objectives (and the associated quality management system) and their role within it;
- Provide appropriate and effective training, including health and safety
- Periodically review this policy for continuing suitability".

Adam Binns, Managing Director
